# 2026 KS2 School Dashboard

## for governors & school leaders

**Produce custom dashboards at fftaspire.org**

## Jubilee Primary School

LA Kent DFE 8862043 Produced November 2026 Version 1

## What it is

Seven easy-to-use reports that help governors and school leaders to evaluate school performance using the latest 2026 school performance indicators.

## What it tells you

- What are the strengths, areas for improvement and under-performing groups of pupils
- How does attainment and pupil progress compare to the national average this academic year?
- How are you performing in different subjects?
- How might the context of your school affect performance?

## About the data shown

123

### Actual results

Actual results for your school, using a range of measures such as averages and thresholds.

ESTIMATED ⟷ 123

### Pupil progress

The value added progress that your pupils have made from one key stage to the next. FFT compares your actual results to the estimated results based on the progress of similar pupils nationally.

### Trends

The dashboard analyses school performance over 3 years. Any significant year-on-year improvement is highlighted using an up arrow. Significant declines in performance are highlighted with a down arrow.

### Gauges

These display headline indicators and whether actual results and pupils' progress are in line with, or significantly above or below, the national average.

### Statistical significance

Green plus signs and red minus signs highlight where either actual results or pupils' progress is significantly above or below the national average.

### Strengths & weaknesses

These highlight key pupil groups and subjects where progress is above or below the national average.

### Working in partnership with

Premier partner ASCL Association of School and College Leaders

nga National Governors' Association

### Data sources

Generated from FFT Aspire which includes data sourced from the DfE (National Pupil Database) and data calculated by FFT. FFT is accredited as a DfE supplier to receive early access to ASP data. Headline performance indicators will be consistent with the DfE School Performance Tables and ASP.
